GIGA-mapping Svalgangs and Skuts
Systemic Approach to Architectural Performance Project with the End Support by ESF Grants
GIGA Map by Marie Smith

The study has benefited from the Archipelago and State Natural Areas at the main sites of the project. The sites were selected from North Europe's largest cities: The Open Air Museum, Stiklestad Museum in Trondheim, Lande Museum, Vig, Uppsala, Skokloster and the National Museum in Bergen.

We would like to thank the staff of the Stiftelsen for Art, Architecture and Design for their assistance in the project. We would like to express our gratitude to the staff of the Open Air Museum in Bergen for providing us with plans and/or access to the sites.
