Introduction

This guide offers access to information on national elections that took place in European countries during 2015. In addition, a number of regional / local elections and referendums are also highlighted when there has been some significance beyond the area of the immediate country.

In the majority of cases the hyperlink below takes you to a ‘key source’ record in ESO from which you can find background information and analysis for each election, plus a hyperlink to further information in ESO on that election or referendum in the form of news reporting, analysis and commentary.

Standard sources used for election information in the key source record include:

- Wikipedia
- IFES Election Guide
- Robert Schuman Foundation: European Elections Monitor
- OSCE: Office for Democratic Institutions and Human Rights: Elections
- National official institutions providing electoral information where appropriate
- Major news and commentary sources which offer a ‘tag’ to all material on an election

As is standard with ESO the majority of links offer access to information in English.

The term ‘General Election’ is used to describe elections at a national level to a legislative body.
